

OUR ECO CITY

*I.C. "Giulio Cesare" - Savignano sul Rubicone
Scuola Secondaria I Grado - Classe II G*

Welcome to Splashcity

this city is powered by waves energy

FACILITIES

An aerial view of a futuristic floating city. The city is built on a large, circular platform with a central hub and several curved wings extending outwards. The architecture is modern and white, with green spaces and blue water features integrated into the design. The city is surrounded by a deep blue sea with several small white sailboats scattered around.

HOUSE

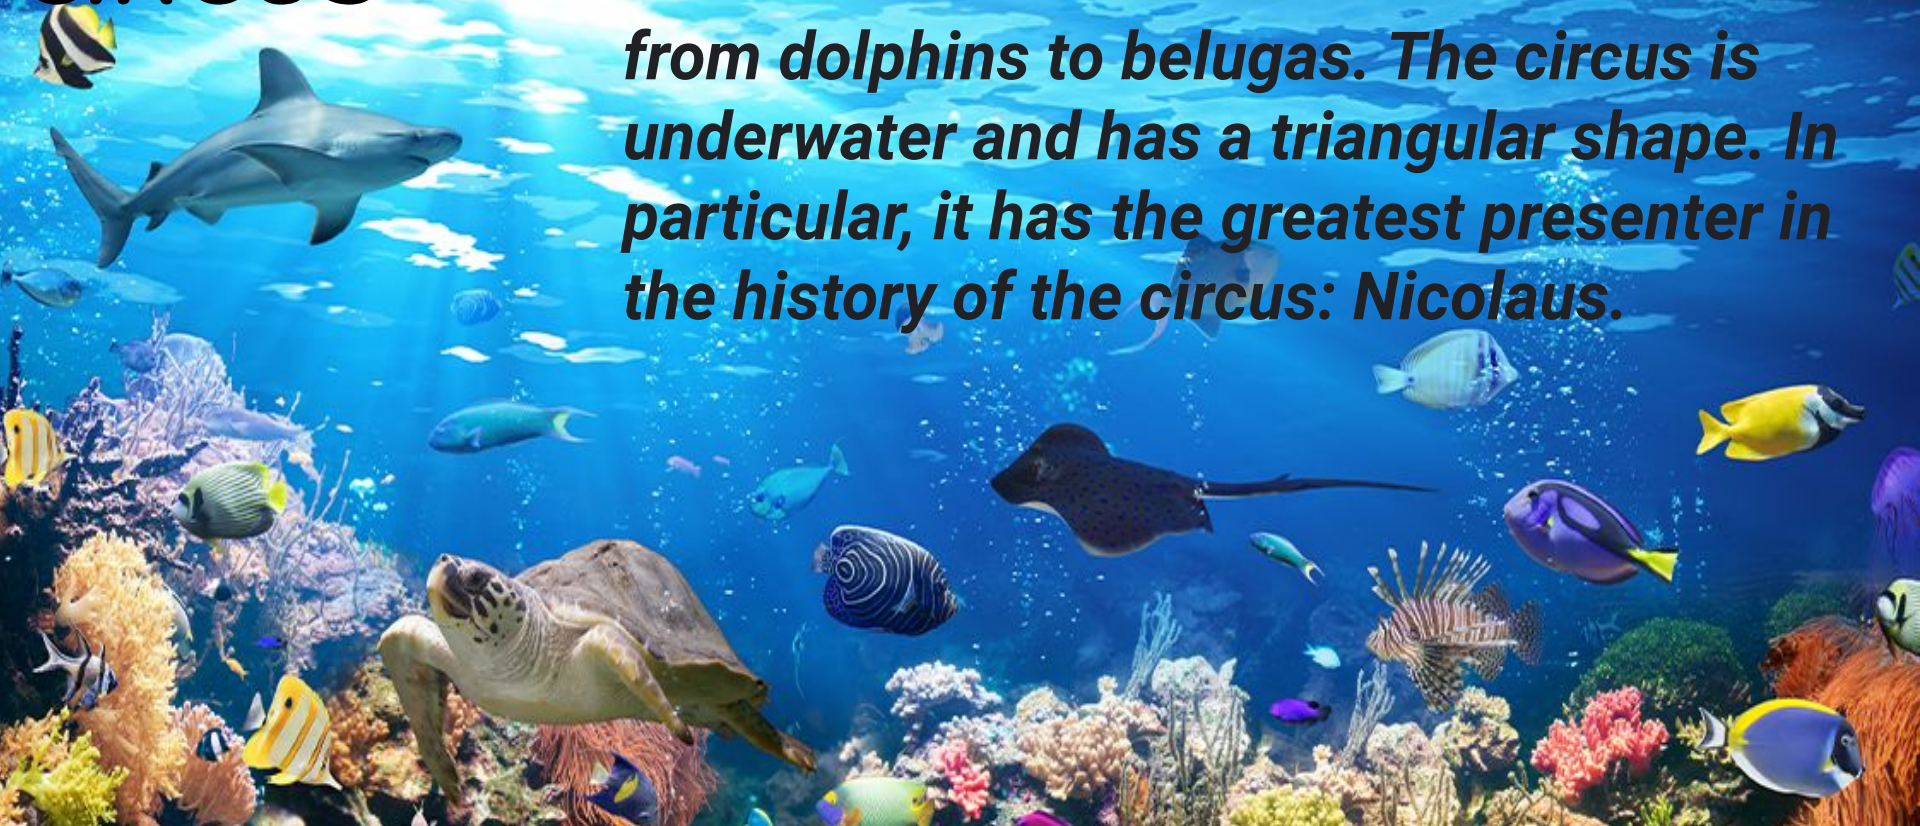

WHAT ARE THE HOUSES LIKE

THE AQUATIC-HOUSE IS AT THE TOP OF THE CITY.SO IT'S OUTDOORS. IN CASE OF A STORM, YOU CAN TAKE THE TUNNEL TO THE RIGHT OF THE CITY THAT TAKES YOU TO THE UNDERWATER PARK. THE CITY HAS A LOT OF PLANTS OF VARIOUS KINDS. THE HOUSES ARE SPIRAL-LIKE AND HAVE 7 FLOORS. THERE CAN BE 20 PEOPLE ON AVERAGE. IN TOTAL THE CITY CAN HOST 80 PEOPLE.

SPLASH CIRCUS

It is one of the best circuses in the world. This circus can hold 100 spectators and has numerous varieties of marine animals from dolphins to belugas. The circus is underwater and has a triangular shape. In particular, it has the greatest presenter in the history of the circus: Nicolaus.

SWIMMING SPLASH

In this swimming pool you can relax, but it is also used for swimming tournaments.

In the Swimming Splash is underwater in the sphere.

THE LIBRARY OF IOHANNES

The Johannes library has more than ten thousand books of all kinds. Inside the library is very large but it has the most beautiful book ever: "Johannes and the company of universes". This is a fantasy book and it is very interesting. The library is divided into rooms, according to the genres of the books.

The library is white in color and is very tidy.

It is located underwater and is one of the most visited places in Splashcity.

Green areas in our city

A photograph of a formal garden with a winding stone path, manicured hedges, and colorful flower beds. The garden is lush and green, with various plants and flowers in shades of red, purple, and white. The path is made of light-colored stones and curves through the garden. The background shows more greenery and trees.

*The green areas are located
underwater and in the upper part
there is a very extensive variety of
plants. You can relax in nature.*

SPLASH CAR

This is a car that can go underwater, like a submarine, but it is smaller, it doesn't use gasoline, but water.

It can also be used in the open sea.

*This is a
model of our
city in
Minecraft.*
